

"Only one thing is needed..." — Jesus [Luke 10:42]

Today's Message

from Thom & Joani:

Close friends cooperate.

A part of our work involves [Group Workcamps](#). Workcamps are weeklong volunteer service projects for teenagers and adults. They join with six-person teams to do a mission of service like home repair. The teams work together to complete their task by the end of the week.

We've seen it happen over and over — when friends cooperate, companionship develops... naturally. Working together to achieve a common goal can really deepen a friendship.

Jesus needed his disciples to cooperate in order for his ministry to be effective. He was frustrated when they competed with each other but was overjoyed when they cooperated.

The 1 Thing you can do today...

Look for one opportunity to work side by side with a friend on a project. Paint a room, change the oil, make a video, or help a neighbor.
